CONNECTIONS HOMESCHOOL PRESCHOOL PROGRAM

PROGRAM INFORMATION

This program will provide parents with resources, ideas, and skills necessary to create a successful preschool experience at home.

Over the 2025-2026 school year, parents and their preschool student will participate in 5 workshops with our program. Each session will focus on skills that promote Kindergarten readiness.

Our advisors will provide you with support and resources you can use at home.

Applications are available on the Connections website, www.chkpen.org and the Connections Homeschool Facebook page.

Application deadline is August 8th.
Families will be notified by August 15th.

HOW CAN I PARTICIPATE IN THIS PROGRAM?

Families will need to complete the application and submit by August 8, 2025.

Students need to be 4 years old by September 1, 2025 and NOT enrolled in any other Pre-K programs (private or KPBSD).

Preference for this program will be given to families new to the Connections program.

Students must be full-time residents of the Kenai Peninsula and able to participate in all five of our provided workshops.

Each location must have a minimum of 4 participants enrolled in the program. If the minimum is not met, families will be notified and we will work with them to cultivate other options.
