At our Connections graduation, we like to highlight our students with a brief introduction before receiving their diploma. Please assist us with this by spending some thoughtful time answering the following questions. Feel free to add information that is not requested here, if it is important to you.

1. We invite each of our graduates to take a couple of minutes during the ceremony to say thank you, acknowledge those who have had an influence on them and their education, or share something of a personal nature. Would you like to participate in this?

2. We encourage students to share a talent at our ceremony, such as singing or playing an instrument. Do you have a talent you would like to share at your graduation? What will you do?

3. What are your plans and goals after high school graduation? Will you be continuing your education, and, if so, where?
